

WALTER V-DRIVE FACTORY REPAIR SERVICE

Our team of expert factory engineers and technicians is available to repair your Walter V-Drive.

Our repair philosophy is simple: we repair your V-Drive to factory specifications, we complete the repair in a timely fashion, we use only premium factory marine-grade original equipment parts along with decades of experience. As the original designer and manufacturer of Walter V-Drives, you can expect:

- **Quality** - Our factory engineers and technicians have years of extensive experience specifically in remanufacturing Walter V-Drives. Our goal is to exceed your expectations.
- **Quick Turnaround** - We put every effort into providing a quick turnaround to get your boat back on the water so that you and your family can enjoy your boating season.
- **Value** - We disassemble your V-Drive, inspect all components and then provide a quotation for your approval. Our labor rate is competitive, often below local rates.

Repair Procedure

1. After draining the oil COMPLETELY, please send your V-Drive to:

THE WALTER MACHINE CO., INC.
88 Cambridge Avenue
Attn: Service Dept.
Jersey City, NJ 07307

Please enclose a note with the following information:

Name: _____
Company: _____
Address: _____

Tel # (main): _____
Tel # (cell): _____
Email: _____
Fax: _____

2. After your V-Drive arrives, an expert factory service technician will disassemble the gear drive, inspect all parts, and determine what needs to be replaced.
3. Next, we will contact you with a firm repair quotation and obtain your approval.
4. After your approval, your V-Drive will be repaired, using only premium Walter parts, and then tested on a factory test stand for proper operation.
